Reference is made to phone conference with Eric Chertier Gonzales as regards the application EUTM 017998579 and the file no modification T 015280095. Please be advised that company name "Get Inspired AS" was inserted by an error. The mark Love It should have been applied in the name Get Inspired Manufacturing AS. Evidence for this error is that the said mark claim priority from the Norwegian application no 201808620 which is filed in the name of Get Inspired Manufacturing AS. We do hope this is sufficiently documented by this correspondence notice. Best regards Katrine Malmer-Høvik
